CUTTING BOARD

Especially designed for Berkel flywheel, the classical form expresses all the tradition of jewellery designed over a century ago. Its rounded form in precious wood invokes the value and superiority of the materials used. The indulgent decoration, with the prestigious signature, recalls the liberty motifs that adorn the legendary flywheel and demonstrates once again the elegance, quality and uniqueness of Berkel.

KNIVES

Over 120 years of passion for the perfect cut, Berkel presents a wonderful knives collection, hand forged by the best Italian artisans. Details are made to experience strength and luxury: the blade in German steel, the handles made in the most precious materials and the fine design, a unique expression of Made in Italy.
